Education

Texas A&M University	**Aug 2022 - May 2026**
BA, Computer Engineering	*College Station, TX*

Key Skills

- **Key Skills**: Leadership, Project Management, Team Collaboration, Communication, Problem-solving
- **Technical Skills**: C++, Python, Java, Azure AI, SQL

Objective

Results-driven Computer Engineering major (May 2026) with a proven record of leadership and hands-on technical projects. Seeking a full-time position or internship where I can apply my skills in software development, machine learning, and AI to deliver innovative solutions.

Experience

Camp Eagle	**May 2023 - Aug 2025**
Group Camp Counselor	

- Led groups of 10–30 students/adults, creating schedules tailored to group needs and ensuring adherence to daily activities.
- Collaborated with a team of counselors to maintain a safe and engaging environment for campers, resulting in positive feedback from visiting churches.
- Developed leadership, communication, and crisis management skills in a high-paced outdoor setting.
- Fulfilled a contract during the summers of 2023-2025, successfully managing group activities and contributing to the camp's operational goals

Projects

Microsoft Certified: Azure AI Fundamentals | AI-900

- Certification covering machine learning, computer vision, and Azure AI services, gaining hands-on experience with cloud-based AI solutions.

Google Docs Add-on | Google Apps Script, JavaScript, HTML

Texas A&M University

- Developed a custom sidebar add-on for Google Docs to streamline workflows with Find & Replace, signature insertion, and document saving/emailing.
- Integrated with Google Drive and Gmail API to automate saving and progress tracking for documents.

Professional Website | HTML, CSS, JavaScript, PHP

Texas A&M University

- Designed and developed a personal portfolio website hosted on a local server to showcase projects and experience.
- Implemented interactive pages and responsive layout to improve user experience and accessibility.

Database Dashboard | SQL, Python, JDBC, MySQL (AdventureWorks Dataset)

Texas A&M University

- Developed an interactive dashboard to analyze employee and customer data from the AdventureWorks enterprise database, integrating dynamic graphs, maps, and tables for real-time insights.
- Implemented custom SQL and JDBC functions for viewing tables, generating statistics, and visualizing relationships between departments, salaries, and sales performance.
- Designed and refined the GUI for intuitive data exploration, connecting database queries to visual components for seamless interactivity.

Leadership & Involvement

First Baptist Church, Bryan, TX

Freshman Equip Leader

- Mentored a group of college freshmen through weekly gatherings.
- Modeled integrity and servant leadership, helping students navigate faith, academics, and personal challenges.

First Baptist Church, Bryan, TX

Titus 10 Cluster Leader

- Led a weekly book study on Biblical manhood through the lens of the book of Titus, encouraging open discussion and practical application.
